My Ref: PBA030

Dear Sir/Madam.

**Costessey: Dereham Road / Longwater Lane– Traffic Signals
Replacement starting 6th June 2025, for a duration of 4 days.****Temporary Traffic Regulation Order approval – Closure of Bawburgh
Lane at the intersection of Dereham Road.**

Norfolk County Council's Infrastructure Department are currently working on traffic signals replacement schemes.

This scheme is being delivered as part of the traffic signal replacement programme which involves replacing traffic signal equipment at the oldest sites in the County, and in doing so bringing them up to current standards. Replacement is regarded as necessary as faults become increasingly difficult to repair as equipment ages. The programme is funded to replace facilities 'like for like' for traffic signal installations.

The works are programmed to start on Friday 6th June 2025 with work continuing over the weekend and should be completed during Monday 9th June. 3 way temporary lights will be required, with a closure on Bawburgh Lane in place to minimise delays.

Access to properties and businesses within the works will be maintained at all times.

I attach for your information drawing PBA030-TS-001A of the proposed traffic signals works. Also attached is the Diversion route plan FTS/TL/2282.2, detailing the road closure and diversion route, for the duration of the work.
