#### **Software Purchase Terms and Conditions**

- 1. Orders are subject to an initial 3 year minimum contract term for Annual Support and Maintenance. After year 3 the contract will automatically renew annually, unless cancelled in writing. Cancellations require six months notice.
- 2. Annual Support and Maintenance charges are reviewed annually and will change over the contract term. If our charges increase by more than 5% over the rate of inflation, the customer can cancel their Annual Support and Maintenance within the 3 year minimum contract term.
- 3. Support and Maintenance Fees are charged Annually in advance for the coming 12 month period. The initial period commences upon the installation and setup.
- 4. If the customer elects to cease use of the software within the minimum term, the minimum terms fees must still be paid.
- 5. After the minimum 3 year term, cancellations mid year will not receive a refund of Support and Maintenance fees already paid.
- 6. Software Purchases are subject to the use of the software as per the End User License Agreement, which is available upon software installation, or upon request.
- 7. Support and Maintenance services are provided subject to the Terms and Conditions of those services, these Terms and Conditions are provided annually, or upon request.
- 8. We recommend you have an online demonstration of the software prior to purchase to ensure you are content the software meets your needs. Once installed and setup any fees due or paid are non-cancellable and non-refundable.

# Hall Hire Fees Report

# 1 Background

- **1.1** The Council is very proud of its halls and uses a substantial amount of its income from the precept to maintain them to a high standard, plus pay for the rates and utilities etc.
- **1.2** All expenditure is provided to Councillors at the end of each month and all payments made are available to the public with over £500 payments published on our website. Additionally, a large part of staff time is dedicated to bookings admin/managing maintenance contracts/payment of invoices/refunds of deposits, caretaking and cleaning etc.
- **1.3** For many of our residents and visitors their only interaction with the Town Council is attending a class/function/group meeting at our halls or booking a venue themselves. It's therefore important we have clean and safe facilities which give a good impression.
- **1.4** All Costessey Taxpayers are paying for our facilities via the precept, whether they use them or not. It should also be noted that the excellent facilities we offer attract hirers and users from outside of Costessey, who also benefit from paying the same low-cost rates.
- **1.5** Regular hirers receive a discount and community groups/wellbeing classes are given priority, with gaps in the diary filled with corporate hire who pay the highest rate. Covid meant that many regular groups folded but there are some new activities which have sustained membership. Most of the income is from regular hirers and private hire is now on the incline.

Regular hirers (excluding corporate hire) of our larger rooms pay between £34 and £56 for a four-hour session. (Stafford Hall £56, Dinneen Hall £46 & Breckland Hall/Owen Barnes Room both £34) Once a regular hirer is established, administration is minimal compared to one-off hirers who require more assistance and support. Patterns form for regular hires which helps with cleaning and caretaking.

- **1.6** A £60.00 to £100.00 damage deposit is taken for all bookings and held on account for regular hirers until they terminate their hire. It's very rare for a deposit to be retained given the number of hires facilitated. Further refinements have been made to the Hall Hire T&Cs now CTC staff manage all bookings.
- 1.7 A bar is provided by the Licensee Mike Urry at no additional charge to the hirer (apart from a returnable deposit when sales reach the deposit amount), and he subsequently gives the Council 20% of his profits (after staff wages) as commission with the remainder donated to the Reepham & Whitwell Preservation Trust.
- **1.8** A month's notice is required to cancel a booking without a charge (two months for large events) except if there were severe weather conditions. Annually regular hirers are given the opportunity to provisionally book rooms in advance as their hires usually form a pattern.

#### 2 Income from Hall Hire

	2014/15	2015/16	2016/17	2017/18	2018/19	***2019/20
Costessey Centre	44,769	46,285	50,183	49,320	51,042	51,324
Breckland Hall*	**23,661	24,461	25,572	24,964	24,179	23,596
Queen's Hills**	**5,143	15,781	23,330	20,814	21,292	21,685
Bar Commission	981	1,061	647	1,148	493	428

<sup>\*</sup>Closed for one month for refurbishment in August 2014

<sup>\*\*</sup>Queen's Hills Community Centre formerly West Costessey Hall did not open until October 2014 and initially had low-cost hire charges to encourage use.

<sup>\*\*\*</sup> Last few weeks closed for lockdown

# 6 Recommendations

6.1 Approve changes to hall hire fees from 1st April 2022 as set out in schedule attached.

#### **Summary of increases:**

- i) No increases for Regular Hirers/Community Groups.
- ii) 50p per hour increase for Private Hire and £2 increase for use of a Changing Room
- iii) £2 per hour increase for Corporate Hirers with a discount still available for Regular Corporate Hirers.
- 6.2 Removal of the £100 Special Offer with the re-introduction of an option to extend the booking on a Friday to 11.30pm or Saturday to Midnight

## Private Hire Rates per hour

Per hour for illustrative purposes 9.00am 10.30pm	Stafford Hall	Jerningham Room	Breckland or Owen Barnes	Dinneen Hall
•	£16.50	£14	£10.50	£14.50
Extension 10:30pm to 11.30pm Friday and 10.30pm to midnight Saturday – Equivalent of two hours	£33	£28	£21	£29

#### 6.5 (See 4.2 above) re Bank Holidays

Consider whether or not to open on Bank Holidays and then consider fees if our premises are still available to hire.

All rates include VAT.

N Bailey October 2021

CURRENT YEAR 2021-22 BUDGET LI, 250
NO GRANTS MADE AS YET

# **Budgeting for Capital**

# A different approach

## Introduction

A council's budget consists of two distinct elements, namely:

- a. A Revenue element, incorporating the necessary funds to run the ongoing services to which the council is committed, and
- b. A capital element, including non-reoccurring expenses, which must be sufficient to provide the level of resources necessary to maintain, and where necessary enhance, the council's Capital Asset stock.

The first element is, by definition, relatively constant, being affected only by inflation and agreed changes in the level of service provision. It is likely however that this element will see significant increases in the future as Principal Authorities devolve (i.e. threaten closure of!) services to Local Councils. Where sizeable increases in budgets (and therefore precept) are necessary these can be justified quite easily as the unavoidable consequence of the actions of others.

Capital budgeting, by contrast, can be subject to large movements in requirements as projects are identified and approved. Additionally, if projects are individually identified and budgeted for in a particular year, this can lead to protracted, and sometimes acrimonious, discussions as to which projects to include and which to leave out. The inherent fluctuations in Precept are regrettable, and to be avoided if at all possible.

#### Smoothing the affect of Capital

An increasingly common process for eliminating these Precept movements is for Local Councils to take a much longer view of their capital requirements, say over a five year rolling cycle.

This is achieved by budgeting on a Rolling Capital Fund basis. The medium term requirement is equalised over the same medium term and included annually in the Precept calculation. No individual projects are actually included in the initial annual estimates, only the Rolling Fund requirement. On a continuous basis council then considers, approves and/or rejects individual projects as they are identified, justified and costed. The approval and timing of such projects can then be made based on priorities at the time of consideration, and also the availability of funds from the (known) source of capital funds flowing from the precept.

It follows from this concept that projects are only included in the council's budget <u>once approved</u> and, since the source of funds is identified and agreed at the time of project approval, the use of such (previously earmarked) funds, together with any external funding that may be available, is also reflected as a credit budget and thus any effect on the council's General Reserve (i.e. the Annual Surplus/Deficit) is entirely eliminated.

#### Conclusion

The adoption of a Rolling Capital Fund approach to budgeting has the following beneficial affects:

- 1. Fluctuations in Precept are eliminated,
- 2. The need to take decisions well in advance of a project commencing are avoided and
- 3. The council is enabled to take a balanced view of alternative/competing projects insulated from the time constraints inherent in the Precept setting timetable.

As such the process is wholly recommended, and becoming increasingly the "norm" amongst Local Councils.
